## Update on changes to the morning session

In line with national and local guidelines we are having to now make changes to our morning session due to the increase in pupil numbers.

We would like to outline these changes to our parents to keep you informed:

- Children will now be split into 2 groups, we have used the existing key worker groups to do this
- There will be a minimum of 2 adults per group at all times
- The session will have 2 stations – indoor and outdoor, the groups will swap over half way through the morning to allow all children to have both experiences
- Staff will remain with the same group for 1 week and then move to another group to allow them to continue building positive relationships with all children
- A contingency plan will be in place in the event of severe weather for the outdoor station

As a staff team we are confident with the plans we have put in place and will be continually reviewing these to ensure positive experiences for our children.

We would appreciate your help in ensuring your child comes prepared for outdoor play in all weathers **every day**.

For example, warm jacket, a spare change of clothes, a change of footwear, a pair of gloves, hat, waterproofs and sun cream.

If you have any questions about the changes please don't hesitate to speak to a member of the staff team.
